UNIGEL GROUP LTD APPOINTS NEW DIRECTORS

Unigel Group Ltd today appointed two independent non-executive directors, Sven Janne Sjoden and Azlinda Ariffin-Boromand, to its board of directors after a rigorous internal process to identify prospective directors that will add valuable experience and insight to the board. With these appointments, the Company will have four directors in its board.

Janne Sjoden, aged 77, had an illustrious career at Ericsson where he held various senior management positions including CEO of Ericsson Network Technologies AB. Azlinda Ariffin-Boromand, a barrister, is a consulting partner at Withersworldwide LLP where she specializes in corporate finance advisory works. These appointments will enable the board of directors to augment its industry specific and corporate governance experience, where Janne and Azlinda are highly regarded and acknowledged in their respective industries.

“We are honoured to have Janne and Azlinda joined us as non-executive independent directors. With their wealth of experience, I am confident that they will contribute to the growth of the Company.”, said Eric Chhoa, founder and director.
